### Council Overview

Yass Valley Council is a local government organisation employing over 150 staff and with an annual budget of \$30 million. Yass Valley Council (YVC) is managed by the Chief Executive Officer and three Directors. This management team ensures the continued delivery of excellent services and optimum infrastructure to residents and visitors. The three Directorates of YVC are Corporate and Community, Planning and Environment, and Infrastructure and Assets.

The Infrastructure & Assets Directorate comprises Waste Services, Roads Delivery, Facilities Maintenance, Workshop, Recreational Services, Water & Wastewater, Engineering Services, Facility & Waste Assets. The role of Wastewater operator is located within the Water & Wastewater team.

### Council Vision

“To build and maintain sustainable communities while retaining the region’s natural beauty”.

### Council Values

## Primary Purpose of the Position

Operate, maintain and construct sewerage assets to ensure the efficient provision of wastewater services to the community.

## Key Accountabilities

Within the area of responsibility, this role is required to:

- Operate, maintain and monitor sewage treatment plants, sewage pump stations and sewer reticulation assets.
- Keep accurate operational records of sewage treatment plants, sewage pump stations and sewer reticulation assets.
- Participate in the construction and repair of sewer reticulation assets.
- Carry out water quality tests and keep accurate records of results.
- Participate in the sewer on-call roster.
- Assist with any other tasks related to the Water and Wastewater Section.

## Organisational Accountabilities

**Code of Conduct:** Comply with and champion the standards of conduct expected of employees as set out in Council's Code of Conduct.

**Customer Service:** Present a positive image of Council and provide an effective service to Council customers, the community and internal customers.

**Equal Employment Opportunity:** Promote a workplace free from discrimination and harassment by treating all people with respect and professionalism acknowledging the importance of diversity in the workplace.

**Policies and Procedures:** Comply with all Council's policies, procedures and guidelines.

**Workplace Health and Safety:** Take reasonable care for the health and safety of self and others. Comply with any reasonable instructions, policies and procedures given by Council.

## Key Challenges

- Respond to the operation and maintenance needs of wastewater assets in an efficient and timely manner.
- Advise the public of proposed works that are likely to cause an inconvenience and respond to any matters raised in an efficient and timely manner.

## Key Internal Relationships
